Netgear wnr3500 v2 login

The perfect spot does it all; be it romance or your router! To avail the best signal and network connectivity, make sure you keep your NetGear WNR3500v2 router visible and not facing the wall or behind the curtains Auto-channels might fail you once in a while; believe that you're smarter than the NetGear router! Find a seamless wireless channel instead of what the router finds automatically. This would ensure that your signal doesn't interfere with that of your neighbors. If you're running a Windows-based PC, you can see what channels neighboring Wi-Fi networks are using. Press Start > type "cmd". Open Command prompt in command prompt type netsh wlan show all You will see a list of all wireless networks and the channels being used in your vicinity. Instead of using "Auto" for the control channel, Pick the channel that has the lowest interference Check if NetGear WNR3500v2 has dual-band, the most commonly used band would be 2.4GHz; however, switching to 5GHz would bring out better results! It depends on your device though; if you're running an old lad, you might have to switch back to the conventional Gaming consoles/media streamers work better when connected through Ethernet cable of NetGear WNR3500v2; in fact, as you might not be moving your TV all over the house, why connect it to the Wi-Fi at all? The Gaming consoles / video streaming devices flood the network with data. This means that if possible, you should consider hardwire (using Ethernet cable) the devices that tend to consume a lot of bandwidth. Although this can sort of defeat the purpose of having wireless networks, it can actually help your overall network speed of NetGear WNR3500v2 if you can hardwire the bandwidth hogs. Here's something important to note! On schedule, folks, reboot your NetGear WNR3500v2 router! Though routers are built to constantly be running at all times, simple tweaks like regular power cycling (a fancy way of saying, unplugging the power cord and shoving it back up) helps with most issues. Rebooting your NetGear WNR3500v2 can fix Internet connection problems, improve slow moving connections, and resolve wireless issues altogether. Try unplugging your NetGear modem on a quarterly basis to stay proactive (Never reset; always reboot router) To get access to your Netgear WNR3500v2 (also known as WNR3500), you need the IP of your device, the username and password. You'll find such information in the Manual of your Netgear WNR3500v2 router. But if you do not have the manual for your router or you do not want to read the whole manual to find the default login information then you can use the quick guide below. To get to the router login page it's necessary that you are connected to the router. Netgear WNR3500v2 Login Guide Open your web browser (e.g. Chrome, Firefox, Opera or any other browser) Type 192.168.1.1 (the default IP to access the admin interface) in the address bar of your internet browser to access the router's web-based user interface. You should see 2 text fields where you can enter a username and a password. The default username for your Netgear WNR3500v2 is admin. The default password is password. Enter the username & password, hit "Enter" and now you should see the control panel of your router. If above login credentials doesn't work with your Netgear WNR3500v2 router then try this method Try different ID/password combinations that are widely used by Netgear that you'll find below. In this list are the most popular default username and password combinations used by Netgear. Sometimes the username and password doesn't work that we mentioned in the top of this guide. Then you can try these username/password combinations below to get access to your Netgear WNR3500v2 wireless router. # Username Password 1adminpassword2admin12343admin4adminadmin5password6comcast12347attadmin8(blank)password9attadmin10(blank)admin11admin(blank)12admin(specified by the user)13(blank)123414adminchangeme15(blank)16ms0/adminchangeme/password17adminnetgear118n/an/a19super577736420superuserpassword21cusadmin(blank)22admin(specified by user)23cctadmin24superman2124103625n/apassword26123427attadmin(blank)28(blank)printed on router29vooWPA key on the label, uppercase30adminsetup31cusadminhighspeed32(blank)(blank) Default login IPs for my Netgear router You tried different router IPs but nothing worked? Did you try the following IPs? In the list below we listed all known router IPs for the manufacturer Netgear. Maybe this will work for you. # Default Router IP 1192.168.1.12192.168.0.13192.168.0.1004192.168.100.15192.168.1.2506192.168.0.2277192.168.0.1018192.168.61.19 1192.168.1.12192.168.0.13192.168.0.2313192.168.0.23914192.168.0.23015192.168.0.22816192.168.0.22917192.168.0.22418www.mywifiext.com1910.0.0.13820172.16.0.121192.168.0.23122192.168.1.25423192.168.0.23524192.168.0.20225192.168.0.24026192.168.0.22627 Manuals for Netgear WNR3500v2 Manual This page shows you how to login to the Netgear WNR3500 router. Other Netgear WNR3500 Guides This is the login guide for the Netgear WNR3500 v2. We also have the following guides for the same router: Find Your Netgear WNR3500 Router IP Address We need to know the Internal IP Address of your Netgear WNR3500 router before we can login to it. 192.168.1.1 If you did not see your router's ip address in the list above. There are 2 additional ways that you can determine your router's IP address: You can either follow our How To Find Your Routers IP Address guide. Or you can use our free software called Router IP Address. Now that you have your router's Internal IP Address we are ready to login to it. Login to the Netgear WNR3500 Router The Netgear WNR3500 has a web interface for configuration. You can use any web browser you like to login to the Netgear WNR3500. In this example we'll use Internet Explorer. Enter Netgear WNR3500 Internal IP Address Put the Internal IP Address of your Netgear WNR3500 in the Address Bar of your web browser. It looks like this: Then press the Enter key on your keyboard. You should see a dialog box pop up asking you for your Netgear WNR3500 username and password. Netgear WNR3500 Default Username and Password You need to know the username and password to login to your Netgear WNR3500. All of the default usernames and passwords for the Netgear WNR3500 are listed below. admin admin Enter your username and password in the dialog box that pops up. It looks like this: Netgear WNR3500 Home Screen You should now see the Netgear WNR3500 Home Screen, which looks like this. This is the status page from your Netgear router. If you see this screen, then congratulations, you are now logged in to your Netgear WNR3500. You are now ready to follow one of our other guides. Solutions To Netgear WNR3500 Login Problems If you can not get logged in to your router, here a few possible solutions you can try. Netgear WNR3500 Password Doesn't Work You should try other Netgear passwords. We have a large list of Netgear Passwords that you can try located here. Perhaps your router's default password is different than what we have listed here. Forgot Password to Netgear WNR3500 Router If your Internet Service Provider supplied you with your router then you might want to try giving them a call and see if they either know what your router's username and password are, or maybe they can reset it for you. How to Reset the Netgear WNR3500 Router To Default Settings If you still can not get logged in then you are probably going to have to reset your router to its default settings. You may want to follow our guide called How To Reset your Router. Other Netgear WNR3500 Guides Here are some of our other Netgear WNR3500 info that you might be interested in. This is the login guide for the Netgear WNR3500 v2. We also have the following guides for the same router: You should follow these instructions to login to your Netgear Router. Connect the cable from the router to your computer. If you want, you can use your wireless network as an alternative option. Recommendation: If you are using an Netgear - WNR3500v2 router, we recommend using a wired connection. This eliminates the risk of suddenly losing your session while making settings changes. Now access your router's admin panel and fill in your router's default user name and password in the desired fields. If you do not know your username and password, we recommend that you try one of the default passwords for Netgear routers. Netgear Routers Help If you are having difficulty logging in to your router, you are probably entering the wrong username or password. After changing both, we recommend that you write them down so you don't have trouble remembering them. Login don't remember your password? You can resolve this issue by not resetting your router's login information. To reset your router, press the small black button on the back of your router for 10 seconds. This will restore your router to the factory settings. Router login page not loading? If the login page is not loading, make sure the device you are using is connected to the wi-fi. You will also need to check if the wrong router IP address is set as the default one. Users may experience problems with loading time on pages or failing to reach the speed they need to access. This is because your network uses a different IP address. In this case, you should check our IP address router list and find the correct address for you. If you need help, you should check out our article on how to find your router's IP address.
